

Harvey Settlement Cemetery

The Harvey Settlement Cemetery is located 4.5 km south of the village of Harvey Station on Route 3 and is across the highway from Knox Presbyterian Church (2410, Route 3). First known as the "Harvey Settlement Burying Ground" this is the largest cemetery in the area and had its beginnings soon after settlement of Harvey commenced in 1837 (Hall et al., 2000).

Although not formally deeded as such a plot of 20 acres on the northwest part of Lot 16 was initially surveyed, and fenced for use as a burying ground. Another section of adjacent land was later cleared and given over to local Presbyterian minister the Rev. Alexander Smith for cropping. Following the departure of Rev. Smith from the community this land became known for the next 10-12 years as "the commons".

Philip O. Law planted a crop on the land in 1874 and subsequently petitioned to be given title to the land, as he claimed to have made improvements to it. A similar claim was laid by another Harvey area man, W.G. Hatch. Eventually Mr. Law sold his claim of \$30 to Mr. Hatch who in turn petitioned the Surveyor General for title as he claimed that he had made improvements valued at \$60.00 on the property. The residents of Harvey became alarmed at these events and led by John Rutherford, Justice of the Peace petitioned the Honourable S.L. Tilley, Governor of the Province for the community to be granted title to the property. This petition was signed by the following 81 residents of the community of Harvey (spelling of names as they appeared in original petition):

Alexander Hay	John Cessford	Robert Burrell

George Grieve	William Embleton	John Hay

Fredericton lawyer E. Byron Winslow was engaged to present their case. When the land was subsequently put up for auction it was sold to Winslow for \$1.00. The property was then

transferred to the Harvey petitioners for use in perpetuity as the Harvey Burying Ground. Five trustees were then appointed by the 81 petitioners to administer the cemetery; Alexander Swan, Walter Piercy, William White, Ralph Coburn and Alexander Hay.

“In Trust, to and for a Burial Ground for the use and benefit forever of the Inhabitants of the Harvey Settlement to bury their dead therein, and the said Trustees shall have full power to occupy, use and enjoy such portions thereof as may from time to time not be actually required for burial purposed, in such way and manner as may be thought by them most beneficial for the said Inhabitants, not however restrictive or interfering in any way whatever with the right of burial as aforesaid. And it is mutually agreed between the parties hereto that the number of Trustees shall always be kept at five, and in the event of the decease or incapability, or continued absence from the Settlement of any of the said Trustees the survivors or survivor may from time to time, and as often as occasion may require, by an instrument in writing nominate or appoint one or more Trustees to fill any vacancy or vacancies then existing in the Trusteeship....”
(Provincial Archives of NB – RS 98 Land Registry v. 58, p. 544-5, 5 Jan 1875, film #F5640.)

Ralph Coburn eventually moved from the Harvey area and Alexander Hay and William White passed away. Thus on 14 April, 1898 George Piercy, Walter Piercy Jr., and Eben Little were appointed to fill the vacancies and serve with the continuing trustees Walter Piercy Sr. and Alexander Swan.

The next phase in the development of the cemetery was recorded on 4 July 1938 when Letters Patent incorporating “Harvey Settlement Cemetery Company, Limited” were filed. The provisional directors were Walter Piercy, Frank Coburn, John T. Craig, Thomas Burrell and John E. Lister whose mandate was “To take over the property in Harvey Settlement at present used as a burial ground and being the property deeded to Alexander Swan and others as Trustees by E. Byron Winslow and wife by Deed dated January 5th, 1875, registered in the York County Records on February 12th, 1875, in Book 58, page 544, subject to the trusts set out in said Deed, and to hold and manage the same as a burial ground for the use and benefit of the inhabitants of Harvey Settlement...”

The deed for the Harvey Settlement Burying Ground land that was conveyed to Alexander Swan and others as trustees dated 5 Jan 1875 was then vested in the Harvey Settlement Cemetery Company Limited on 26 July 1941. This change gave the company the same title and mandate for use as a burial ground that the original trustees had.

The land available for use in the cemetery was increased in 1942 when Harry Corey paid a stumpage fee, and cleared a portion of the cemetery acreage that was forested in spruce, fir and poplar trees.

The cemetery was further enlarged to its present size in October 1950 when the United Church of Canada conveyed adjacent land that was part of the lot where the first Presbyterian Church in Harvey Settlement had stood, to the Harvey Settlement Cemetery Company Limited. The land deed stated: Beginning at a stake standing on the south west corner of lot number fifteen East side of the Great Road leading from Fredericton to Saint Andrews, thence running one hundred and twenty-one feet north to the stake in the fence along said Great Road thence east ninety feet to the stake, thence south one hundred and twenty-one feet to a stake in the fence at the burying Ground, thence ninety feet west to the place of beginning”.

The Harvey Settlement Cemetery is still the primary cemetery in the community and the Harvey Settlement Cemetery Company Limited continues to arrange for all work done in the cemetery including arranging for the digging of graves, straightening of stones, grass mowing, and other general maintenance.
